Thank you for using OpenAI!

These Terms of Use apply to your use of ChatGPT, DALL·E, and OpenAI's other services for individuals, along with any associated software applications and websites (all together, "Services"). These Terms form an agreement between you and OpenAI OpCo, LLC, a Delaware company, and they include our [Service Terms](#) and important provisions for resolving disputes through arbitration. By using our Services, you agree to these Terms.

If you reside in the European Economic Area, Switzerland, or the UK, your use of the Services is governed by [these terms](#).

Our [Business Terms](#) govern use of ChatGPT Enterprise, our APIs, and our other services for businesses and developers.

Our Privacy Policy explains how we collect and use personal information. Although it does not form part of these Terms, it is an important document that you should read.

You may not share your account credentials or make your account available to anyone else and are responsible for all activities that occur under your account. If you create an account or use the Services on behalf of another person or entity, you must have the authority to accept these Terms on their behalf.

Using our Services

What you can do. Subject to your compliance with these Terms, you may access and use our Services. In using our Services, you must comply with all applicable laws as well as our Sharing & Publication Policy, Usage Policies, and any other

documentation, guidelines, or policies we make available to you.

What you cannot do. You may not use our Services for any illegal, harmful, or abusive activity. For example, you may not:

- Use our Services in a way that infringes, misappropriates or violates anyone's rights.
- Modify, copy, lease, sell or distribute any of our Services.
- Attempt to or assist anyone to reverse engineer, decompile or discover the source code or underlying components of our Services, including our models, algorithms, or systems (except to the extent this restriction is prohibited by applicable law).
- Automatically or programmatically extract data or Output (defined below).
- Represent that Output was human-generated when it was not.
- Interfere with or disrupt our Services, including circumvent any rate limits or restrictions or bypass any protective measures or safety mitigations we put on our Services.
- Use Output to develop models that compete with OpenAI.

Software. Our Services may allow you to download software, such as mobile applications, which may update automatically to ensure you're using the latest version. Our software may include open source software that is governed by its own licenses that we've made available to you.

Corporate domains. If you create an account using an email address owned by an organization (for example, your employer), that account may be added to the organization's business account with us, in which case we will provide notice to you so that you can help facilitate the transfer of your account (unless your organization has already provided notice to you that it may monitor and control your account). Once your account is transferred, the organization's administrator

will be able to control your account, including being able to access Content (defined below) and restrict or remove your access to the account.

Third party Services. Our services may include third party software, products, or services, (“Third Party Services”) and some parts of our Services, like our browse feature, may include output from those services (“Third Party Output”). Third Party Services and Third Party Output are subject to their own terms, and we are not responsible for them.

Feedback. We appreciate your feedback, and you agree that we may use it without restriction or compensation to you.

Content

Your content. You may provide input to the Services (“Input”), and receive output from the Services based on the Input (“Output”). Input and Output are collectively “Content.” You are responsible for Content, including ensuring that it does not violate any applicable law or these Terms. You represent and warrant that you have all rights, licenses, and permissions needed to provide Input to our Services.

Ownership of content. As between you and OpenAI, and to the extent permitted by applicable law, you (a) retain your ownership rights in Input and (b) own the Output. We hereby assign to you all our right, title, and interest, if any, in and to Output.

Similarity of content. Due to the nature of our Services and artificial intelligence generally, output may not be unique and other users may receive similar output from our Services. Our assignment above does not extend to other users’ output or any Third Party Output.

Our use of content. We may use Content to provide, maintain, develop, and improve our Services, comply with applicable law, enforce our terms and policies, and

our Services, comply with applicable law, enforce our terms and policies, and keep our Services safe. If you're using ChatGPT through Apple's integrations, see [this Help Center article](#) for how we handle your Content.

Opt out. If you do not want us to use your Content to train our models, you can opt out by following the instructions in [this article](#). Please note that in some cases this may limit the ability of our Services to better address your specific use case.

Accuracy. Artificial intelligence and machine learning are rapidly evolving fields of study. We are constantly working to improve our Services to make them more accurate, reliable, safe, and beneficial. Given the probabilistic nature of machine learning, use of our Services may, in some situations, result in Output that does not accurately reflect real people, places, or facts.

When you use our Services you understand and agree:

- Output may not always be accurate. You should not rely on Output from our Services as a sole source of truth or factual information, or as a substitute for professional advice.
- You must evaluate Output for accuracy and appropriateness for your use case, including using human review as appropriate, before using or sharing Output from the Services.
- You must not use any Output relating to a person for any purpose that could have a legal or material impact on that person, such as making credit, educational, employment, housing, insurance, legal, medical, or other important decisions about them.
- Our Services may provide incomplete, incorrect, or offensive Output that does not represent OpenAI's views. If Output references any third party products or services, it doesn't mean the third party endorses or is affiliated with OpenAI.

Our IP rights

We and our affiliates own all rights, title, and interest in and to the Services. You may only use our name and logo in accordance with our [Brand Guidelines](#).

Paid accounts

Billing. If you purchase any Services, you will provide complete and accurate billing information, including a valid payment method. WE DO NOT WARRANT THAT THE SERVICES WILL BE UNINTERRUPTED

WE DO NOT WARRANT THAT THE SERVICES WILL BE UNINTERRUPTED, ACCURATE OR ERROR FREE, OR THAT ANY CONTENT WILL BE SECURE OR NOT LOST OR ALTERED.

YOU ACCEPT AND AGREE THAT ANY USE OF OUTPUTS FROM OUR SERVICE IS AT YOUR SOLE RISK AND YOU WILL NOT RELY ON OUTPUT AS A SOLE SOURCE OF TRUTH OR FACTUAL INFORMATION, OR AS A SUBSTITUTE FOR PROFESSIONAL ADVICE.

Limitation of liability

NEITHER WE NOR ANY OF OUR AFFILIATES OR LICENSORS WILL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR EXEMPLARY DAMAGES, INCLUDING DAMAGES FOR LOSS OF PROFITS, GOODWILL, USE, OR DATA OR OTHER LOSSES, EVEN IF WE HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. OUR AGGREGATE LIABILITY UNDER THESE TERMS WILL NOT EXCEED THE GREATER OF THE AMOUNT YOU PAID FOR THE SERVICE THAT GAVE RISE TO THE CLAIM DURING THE 12 MONTHS BEFORE THE LIABILITY AROSE OR ONE HUNDRED DOLLARS (\$100). THE LIMITATIONS IN THIS SECTION APPLY ONLY TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW.

Some countries and states do not allow the disclaimer of certain warranties or the limitation of certain damages, so some or all of the terms above may not apply to you, and you may have additional rights. In that case, these Terms only limit our responsibilities to the maximum extent permissible in your country of residence.

OPENAI'S AFFILIATES, SUPPLIERS, LICENSORS, AND DISTRIBUTORS ARE INTENDED THIRD PARTY BENEFICIARIES OF THIS SECTION.

Indemnity

Indemnity

If you are a business or organization, to the extent permitted by law, you will indemnify and hold harmless us, our affiliates, and our personnel, from and against any costs, losses, liabilities, and expenses (including attorneys' fees) from third party claims arising out of or relating to your use of the Services and Content or any violation of these Terms.

Dispute resolution

YOU AND OPENAI AGREE TO THE FOLLOWING MANDATORY ARBITRATION AND CLASS ACTION WAIVER PROVISIONS:

MANDATORY ARBITRATION. You and OpenAI agree to resolve any claims arising out of or relating to these Terms or our Services, regardless of when the claim arose, even if it was before these Terms existed (a "Dispute"), through final and binding arbitration. You may opt out of arbitration within 30 days of account creation or of any updates to these arbitration terms within 30 days after the update has taken effect by filling out [this form](#). If you opt out of an update, the last set of agreed upon arbitration terms will apply.

Informal dispute resolution. We would like to understand and try to address your concerns prior to formal legal action. Before either of us files a claim against the other, we both agree to try to resolve the Dispute informally. You agree to do so by sending us notice through [this form](#). We will do so by sending you notice to the email address associated with your account. If we are unable to resolve a Dispute within 60 days, either of us has the right to initiate arbitration. We also both agree to attend an individual settlement conference if either party requests one during this time. Any statute of limitations will be tolled during this informal resolution process.

Arbitration forum. If we are unable to resolve the Dispute, either of us may commence arbitration with National Arbitration and Mediation (“NAM”) under its Comprehensive Dispute Resolution Rules and Procedures and/or Supplemental Rules for Mass Arbitration Filings, as applicable (available [here](#)).

OpenAI will not seek attorneys’ fees and costs in arbitration unless the arbitrator determines that your claim is frivolous. The activities described in these Terms involve interstate commerce and the Federal Arbitration Act will govern the interpretation and enforcement of these arbitration terms and any arbitration.

Arbitration procedures. The arbitration will be conducted by videoconference if possible, but if the arbitrator determines a hearing should be conducted in person, the location will be mutually agreed upon, in the county where you reside, or as determined by the arbitrator, unless the batch arbitration process applies. The arbitration will be conducted by a sole arbitrator. The arbitrator will be either a retired judge or an attorney licensed to practice law in the state of California. The arbitrator will have exclusive authority to resolve any Dispute, except the state or federal courts of San Francisco, California have the authority to determine any Dispute about enforceability, validity of the class action waiver, or requests for public injunctive relief, as set out below. Any settlement offer amounts will not be disclosed to the arbitrator by either party until after the arbitrator determines the final award, if any. The arbitrator has the authority to grant motions dispositive of all or part of any Dispute.

Exceptions. This section does not require informal dispute resolution or arbitration of the following claims: (i) individual claims brought in small claims court; and (ii) injunctive or other equitable relief to stop unauthorized use or abuse of the Services or intellectual property infringement or misappropriation.

CLASS AND JURY TRIAL WAIVERS. You and OpenAI agree that Disputes must be brought on an individual basis only, and may not be brought as a plaintiff or

class member in any purported class, consolidated, or representative proceeding. Class arbitrations, class actions, and representative actions are prohibited. Only

Class arbitrations, class actions, and representative actions are precluded. Only individual relief is available. The parties agree to sever and litigate in court any request for public injunctive relief after completing arbitration for the underlying claim and all other claims. This does not prevent either party from participating in a class-wide settlement. You and OpenAI knowingly and irrevocably waive any right to trial by jury in any action, proceeding, or counterclaim.

Batch arbitration. If 25 or more claimants represented by the same or similar counsel file demands for arbitration raising substantially similar Disputes within 90 days of each other, then you and OpenAI agree that NAM will administer them in batches of up to 50 claimants each (“Batch”), unless there are less than 50 claimants in total or after batching, which will comprise a single Batch. NAM will administer each Batch as a single consolidated arbitration with one arbitrator, one set of arbitration fees, and one hearing held by videoconference or in a location decided by the arbitrator for each Batch. If any part of this section is found to be invalid or unenforceable as to a particular claimant or Batch, it will be severed and arbitrated in individual proceedings.

Severability. If any part of these arbitration terms is found to be illegal or unenforceable, the remainder will remain in effect, except that if a finding of partial illegality or unenforceability would allow class arbitration, class action, or representative action, this entire dispute resolution section will be unenforceable in its entirety.
